

Introducing Korea

**The Discovery of Korea**

Korea is a cultural and economic center in Asia. It proudly boasts more than 5,000 magnificent years of history and tradition. You can discover ancient royal palaces as well as distinct paintings and calligraphy.

**Power of K-Culture, "Hallyu"**

Today, the popularity of Hallyu, meaning Korean cultural wave, is everywhere. Started with TV dramas and powered by K-pop and movies. Hallyu gets even closer to our lives with Korea's high technology. The aspiration to know more about Korean culture is ever growing and is bringing people from all around, young and old.

**Great Tastes of Korea**

The Korean food has been receiving increasing recognition worldwide for its balanced diet, offering both taste and nutrition. Restaurants specialized on Bibimbaps, mixed rice with various vegetables and/or seaweeds and beef, are opening abroad.

**Make Lasting Memories in Seasonal Natural Beauty**

Korea has four distinct seasons with much to offer all year round. May, that is when EASO2018 will take place, is an especially pleasant spring season, favorite time of the year, as the temperature is mild and the colorful flowers make beautiful blossoms.

Venue: Millennium Seoul Hilton

Located in Seoul's central business and shopping district, Millennium Seoul offers the guests easy access to all the hotspots of the city through local subways and bus stops nearby. As the hotel is situated at the edge of the Namsan (Nam-mountain) Park, it presents a wonderful view of skylines and refreshing greens.

6<sup>TH</sup> EAST ASIAN SYMPOSIUM ON OTOTOLOGY

May 24-26, 2018  
Millennium Seoul Hilton, Seoul, Korea

## Invitation

Dear colleagues and friends,

On behalf of the organizing committee, I am pleased to invite you to the 6th East Asian Symposium on Otology (6th EASO) to be held in Seoul, Korea from May 24th to 26th, 2018.

The symposium will mainly cover subjects on clinical otology, audiology, otologic basic research and otologic public health issues including hearing screening, vaccination, and etc. To improve otologic health globally, this symposium will not only be opened to ENT doctors, but also to audiologists, hearing researchers and global health providers to broaden their knowledge and share new research findings on otologic diseases and hearing.

The organizing committee will provide you with detailed further information on this symposium including the scientific program as soon as possible. It will be a wonderful opportunity and so, I ask you to save the date for the symposium.

Thank you very much for your interest, and I look forward to welcoming you during the 6th EASO in Seoul, Korea.

With sincere regards,

**Sang Won YEO**

President of the  
6th East Asian Symposium on Otology
